Social and Emotional Learning in 2B

This term in 2B our main aim has been Circle Time and how to tune in to others.

During circle time, I asked the children what they liked about our school.

Here are some of their replies;

‘I like the playgrounds.’

‘Younger children have their own yard and I feel safer.’

‘Everyone is kind in our school.’

‘Everyone looks after the school’s property’

‘We don’t litter in our school’

‘We like having school rules to feel safe’

‘If anyone is alone others will come and play with them’

We have also been;

- getting to know our classmates better
- valuing the differences we notice in each other
- learning to think before we speak or act
