The N.I.C.K Foundation aims to build self-esteem and understanding in young people. One way the foundation is funded is by putting on an annual musical production. This year is the 6th year running the show. “Pirates” was written by Tom Jordan. Freddy Fast Fingers was the most respected and feared pirate on all the 7 seas, until his nemesis Captain Blackbeard ambushed his crew and dropped Freddy to the bottom of the sea. Against all odds he managed to escape and has spent the last 2 years planning his revenge. The time is nigh, at half 9 on the King tide. Join Freddy on a swashbuckling musical adventure as he assembles the old crew and sets sail after Blackbeard to exact his revenge and re-claim his ship.
