Speed zones, pedestrian crossings and parking restrictions around schools are there to improve the movement of traffic during peak times, and maximise safety for children and all road users.

We want to ensure the safety of children, pedestrians and motorists around our streets and schools.

You can help by obeying road rules and allowing enough time to drop off and pick up of your child.

Children are both vulnerable and subject to acting on impulse. It is vital that adults lead by example and set good road safety practices when crossing roads.

5 Tips Around Schools

1. Allow enough time to take your child to the school gate safely. Consider parking a few streets away and walking your child the rest of the way to school.
2. Observe all traffic control signs and the directions of the School Crossing Supervisor.
3. Plan, with your child, when and where they can be picked up safely. Find locations where it is safe to get out of the car and cross the road.
4. Where available, always cross at a supervised school crossing, even if it is further away.
5. Never call your child across the road.

Observe parking signs

No Stopping
No stopping zones are not to be used at any time for stopping, parking, dropping off or picking up students or passengers.
No stopping zones can also be defined by yellow line markings.

No Parking
You are only allowed to park your car in this zone for up to 2 minutes to deliver or pick up goods and/or passengers.
The driver must remain near the vehicle at all times.

Disabled Parking
This parking space can only be used by vehicles that display a blue disabled parking permit.
Vehicles without a permit are not allowed to park in these spaces at all, even to drop off or pick up.

Bus Zones
Bus zones are for public or private bus use only.
The driver of a private vehicle is not allowed to stop in a bus zone at any time.

Other common parking rules

Pedestrian Crossings
A vehicle must not stop 20 metres before or 10 metres after a school crossing, which is generally defined by yellow line markings. This ensures children can be clearly seen by approaching vehicles.

Double Parking
Vehicles must not stop on a road adjacent to another vehicle even for a short time or to drop off/pick up passengers. Double parking forces other vehicles to divert, causing traffic congestion and line of sight concerns, which can cause accidents with pedestrians and other vehicles.

Driveways and Yellow Lines
A vehicle is allowed to stop over the entrance to a driveway to pick up or drop off passengers, but drivers must not wait or leave their vehicles across a driveway entrance for more than 2 minutes. Areas marked with a yellow line are no stopping areas.
