Anxiety in children is a normal part of childhood development. But it’s estimated that 8-22% of children experience anxiety more intensely and more often than other children, stopping them from getting the most out of life. In this presentation one of Australia’s leading child and adolescent psychologists will discuss what is normal anxiety and what is not, what are the common anxiety disorders and what parents and carers might do to build happy and resilient young people.

7pm to 9pm
Wednesday August 12th, 2015
Our Lady of Sion College
1065 Whitehorse Rd, Box Hill
