BIKES FOR KIDS

The Men’s Shed project now has a selection of reconditioned children’s bikes. If you know of a family needing some help with Christmas, contact the co-ordinator.

The recently formed Eltham Men’s Shed has started a project fixing up second hand bikes to donate to people in need where a bike would make a real difference to their lives.

If you know a suitable person or to find out more information please contact the program co-ordinator Brent Arnott at elthammensshed@gmail.com or on 0411 340 183.

The program also welcomes donations of bikes in fair to good condition.
