Parents using kids as bargaining chips

by Michael Grose - Australia’s No 1 parenting educator

It’s been said that children are the unwitting victims of a breakdown between partners, but it doesn’t take a separation for kids to be caught up in their parents’ disputes.

Talking to children about sex: when and how?

Many of us can struggle with these conversations. Here are practical tips by age range for when, how and what to say when talking to children about sex.

Young children’s questions, comments and behaviors related to sexuality are not sexual.
