Helping kids focus in the age of distraction

Finding ways to turn your kids from flitters to focusers – how teaching your children to 'stick with it' can have lifelong benefits.

3 Tips for helping kids maintain focus and attention

It starts with respect
by Michael Grose - Australia’s No 1 parenting educator

The public debate following the incident where two Melbourne private school students were suspended for asking students to vote for the ‘S ##t of 2016’ has been almost as concerning as the incident itself.
